

Aspelmeyer Group

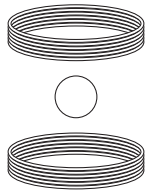

Open Call for PhD Fellowships

Fully funded positions in Physics at the University of Vienna

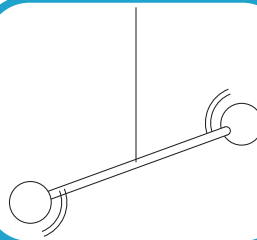

Open Positions

Quantum Control
of
Optically Levitated
Systems

Superconducting
Gravimeters
in the
Quantum Regime

Precision Tests
of
Gravity

Gravitational
Quantum
Physics

Qualifications

- A master's degree
- Excellent academic record and references
- Fluent in English
- A strong independent drive & collaborative skills
- A genuine interest in fundamental questions

Research Areas

- Quantum control of levitated systems
- Measuring small-scale gravitational forces
- Gravitational quantum physics
- Both theory & experiment positions available
- More: aspelmeyer.quantum.at
